*We love:* "Organic materials and hits of muted grey-blue, echoed in the beautiful artwork, give this room an inviting yet sophisticated edge," says *HB* features editor Jane.

*Get the look:* This living room's air of easygoing elegance is created in part by the loosely upholstered linen sofa from The Country Trader and flowing sheer curtains. Natural textures and neutral tones provide warmth, from the Matt Blatt cowhide rug and Cloth cushions, to the Emily Ziz Style Studio pebble-like felt floor cushions. The 'Waterlines' artwork by Julianne Lord was the basis for this room's scheme and beautifully ties all the tones together. >
